Technical Data Sheet
Allcosil 30G Antifoam

Introduction:

- Allcosil 30G Antifoam is a highly effective polydimethylsiloxane defoamer, which is especially formulated for use in a wide range of non-food contact industrial applications.
- Allcosil 30G Antifoam is an oil in water emulsion allowing improved dispersion in the foaming system.
- Allcosil 30G Antifoam is extremely stable and offers outstanding versatility, being effect in most foaming systems.

Uses:

Allcosil 30G Antifoam has a wide range of applications in a wide range of industrial uses.

Typical Characteristics:

- 30 % active matter content.
- Easy dispersion in aqueous systems.
- Highly effective working at ppm levels.
- Excellent stability
- Good acid/alkaline resistance.

Application/ How to Use:

Dilute 30-150 ppm (0.5 litres in 1000 litres of foaming fluid).

Shelf Life:

Allcosil 30G Antifoam has a shelf life of 12 months when stored between 3°C and 27°C.

Packaging:

20kg, 200kg, 1000kg

Health & Safety:

Detailed advice on the Health & Safety aspects of this product is given in the individual product Safety Data Sheet (SDS), available upon request.
